

Residents of Lyon County

Over the past month there has been speculation on the possibility of a Federal Stimulus package. While this is still uncertain MNDOT has instructed the Counties to submit projects that could be designed and constructed within the next year. Lyon County has submitted several projects to be included in the stimulus package. The projects range from bituminous overlays to bridge and culvert replacement. Please be advised that there will be a finite dollar amount and that the projects Lyon County submitted are competing against other Counties and MNDOT projects for these dollars. If and when the projects are selected we will post those projects.

The following are the projects submitted. I have attached a map showing the locations.

Bridges

42511 on CSAH 3 2.5 miles South of Minneota

L1705 on CSAH 9 1.5 miles South of Amiret

Culverts

L1717 on CSAH 10 3.5 miles West of Minneota

L1759 on CR 57 4 miles South of Minneota

L1919 on TWSP Rd 7.5 North of Tracy

L1755 on CR 54 2 miles West of Garvin

Bituminous Overlays

CSAH 3 between TH 19 and CSAH 8 South of Minneota

CSAH 9 between TH 23 and CSAH 32 South of Cottonwood

CSAH 11 between CSAH 2 and TH 19
